Items discussed at the April meeting:

- As of the date of the meeting TCRCC has 87 members
- Big Bird event brought in \$751.00 profit
- The TRUST Test link was tested and it does work, the link is www.trustfaa.com
- FAA numbers must be visible on all models flown at the field.
- A vote was made to modify rule number 1. **It is no longer the club's responsibility to make sure all club members are current on FAA numbers and TRUST test. An audit from the authorities could happen anytime while club members are flying and it is your responsibility to show proof of compliance.**
- Looking for feedback on club rules vs. event rules, should they be the same or modified for the event that day. A discussion will be held at the July meeting.
- There was a discussion about posting the roster in the clubhouse. The question was should we post the email and phone numbers of members on this list. An email will be sent out requesting feedback regarding posting phone numbers and email addresses.
- Trash management: if you see the trash cans full please take them to the street. We are having problems with animals or wind tipping the trash cans over and scattering trash around the covered area.
- Several Fire extinguishers are very low, the club will be replacing these.
- The wildlife visitors will be given access to use the back of the parking lot to access the birding area. We are coordinating with the people from the wildlife area to use the club house for a classroom setting and make available the restrooms. This is a very small group and clubhouse use will be minimal.
- The club Roster will be maintained by the President, Vince.

Meeting adjourned at 9:30.
