Items discussed at the August meeting:

- The importance of members volunteering to help with routine maintenance and event support was stressed. At this point we have a small group of members that are doing the majority of the work and some of them are beginning to get burned out. In order for this club to be successful we need volunteers to step up and help out.
- As of the date of the meeting TCRCC has 91 members.
- The chinch bug infestation seems to be under control as the grass is returning. Along those lines ticks have been noticed around the covered area. As soon as we can get volunteers to take care that it will be addressed.
- Vince reminded the members that at the October meeting nominations for the 2023 board need to be made so that we can vote on the new board at the November meeting.
- The hose bibb has been installed next to the solenoid boxes for our sprinkler system. The bibb is in a box just below grade level.
- The lawn mower shed is in need of repair. The side of the shed is going to be re-skinned and painted, hopefully and a Texas City theme.
- A discussion was started regarding raising dues for 2023.
- The balance for the building is \$11,315.

Meeting adjourned at 9:42.
