Vince Hoechten is your Organizing CD, Volunteers are needed for various positions, including air marshals.

We need more promotion for our events. Larry Ammons has some promotion sample letters, used to solicit goodies from vendors. Information needs to be sent to the club members.

8. The Fan installation project has been accepted, and the club has decided that fans will be bought, installed and evaluated for further development and installation of the Fan project under the canopy. We found a better deal and two cooling fans will be purchased for the price of \$206.00
9. Johnson Space Center has lost its flying field. The club members proposed enrolling their members at a reduced entry fee of \$75.00. It is sad that a club of 50 years has been lost from the roster. We can help them to remember their rich history and its continuation.

14. **Please close the clubhouse, turn off the AC, and close the gate when leaving the field.**
15. It is the consensus of the club members that new chairs are required under the canopy. We need to assign a budget and a plan to finalize this plan.
16. The club members decided to purchase a Certificate of Deposit (CD) to increase their savings. The treasurer is the assigned person to do so.
17. The Glider summer event is not yet scheduled. No updates for the indoor glider proposal. Vince is working on it.
